

Owner/Operator Maintenance - 'How to Survive a Ramp Check'

This event will provide the General Aviation pilot an understanding of what a Ramp Check is and the purpose for conducting a Ramp Check. The objectives of this seminar is to discuss the term "airworthiness", explain who is responsible for airworthiness and to provide an understanding relating to component condition and inspection.

Directions: For turn-by turn directions please use internet software such as MapQuest, GoogleMaps, Rand McNally, or similar.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
